**By Ray Bradbury : The Illustrated Man (Harper Perennial Modern Classics)** I celebrate myself and sing myself and what I assume you shall assume for every atom belonging to me as offers news comment and features about the British arts scene with sections on books films music theatre The Illustrated Man (Harper Perennial Modern

Classics):

12 of 12 review helpful Intriguing compilation By Marissa This book was an easy read that left me contemplating at the end of each story This is compilation of short stories involving the future and all tied together by being written in moving picture form across the flesh of the Illustrated Man Each story is unique and teaches a lesson about the human spirit some of these lessons are a brutal reflection of the negative Idquo Sometimes at night I can feel them the pictures like ants crawling on my skin Then I know they rsquo re doing what they have to do nbsp nbsp nbsp nbsp rdquo nbsp Fantasy master Ray Bradbury weaves a narrative spanning from the depths of humankind rsquo s fears to the summit of their achievements in eighteen interconnected stories mdash visions of the future tattooed onto the body of an enigmatic traveler mdash in The Illustrated Man That The Illustrated Man has remained in print since being published in 1951 is fair testimony to the universal appeal of Ray Bradbury s work Only his second collection the first was Dark Carnival later reworked into The October Country
