food for delivery and takeout from the best restaurants in your area with a few clicks bite nyc fresh organic quality food soups sandwiches and salads Bite:

1 of 1 review helpful Vampire Heaven By Kindle Customer After reading all the stories in this volume I am giving it an average score of 4.6 stars for all. Each story was very different from the other and while I liked some better than others I was still kept entertained by them all. The stories are all supposed to be based around vampires and lust but only a few actually hit upon the lust. The Girl Who Was Infa The bite is back in vampire fiction as five of today's most provocative authors cast their irresistible spells on you. Follow a vampire hunter who can be as deadly as her prey. Meet a down home southern girl who's found out much to her chagrin that vampires are her type. Feel the euphoria of fear in the shadow of a reluctant queen of the undead. Step closer to the hot blooded edge of passion as a strange new mythology of the night. From Publishers Weekly Those looking to take a brief taste's tour through five sexually charged paranormal worlds may enjoy the stories and novellas served up in this anthology but readers with an appetite for something a little more meaty likely won't be sate.
