8 of 8 review helpful Amazing By Emily I heart Poe Years ago I stumbled on this unabridged Edgar Allan Poe Got it for my birthday a few months later and it went with me everywhere even to summer camp The only bad thing is the copy I had the paperback edition well the binding DID NOT hold up It is impossible to expect a paper binding to hold together nearly 1200 pages of the macarbe So long story short my fo Under appreciated in his own time Poe s unique genius for exploring the darker corridors of the human imagination raised nightmares to the level of art This collection includes poetry and prose including The Conqueror Worm The Fall of the House of Usher The Murders in the Rue Morgue and The Pit and the Pendulum
