Love: Tales Of Ghostly Soulmates, Spooky Suitors, And Eternal Love:

2 of 2 review helpful Average Ghost Stories By Sea Laughing If you like ghost stories you ll enjoy this book The stories were well written reading almost more like fiction than non fiction However I m the sort of person who likes facts and these stories struck me as more speculative than anything else I enjoyed them for the most part but felt a bit let down by the lack of solid evidence presented to back them up Romance is undeniably otherworldly Heart racing breath quickening senses ablaze it rsquo s all part of what makes love so frighteningly grand As Francois de La Rouchefoucauld said four centuries ago ldquo It is with true love as it is with ghosts everyone talks about it but few have seen it rdquo And yet there are those who have seen both Welcome to Haunted Love From the Back Cover Love makes the world go rsquo round even from underground
