By K. D. McMahon, K.D. McMahon : Garments of Skin new international version the lord god made garments of skin for adam and his wife and clothed them new living translation and the design veronique medical compression garments and maternity shapewear including postpartum girdles Garments of Skin:

0 of 0 review helpful A Bold Original Vision By Li Tubman Garments of Skin is the first volume of a projected Genomic Apocalypse trilogy Genomic Apocalypse pretty well sums up the disparate subjects that KD McMahon links in this book With one hand on cutting edge science and the other on profound theological questions McMahon molds a bold original vision of what it means to be human How else can one describe Stem cell research transgenic embryos gene therapy all promise potential breakthroughs from the curing of congenital and degenerative disorders to dramatically extending the human life span Scientists using genomic technology are on the brink of rewriting the book as to what it means to be human Is man simply material that can be endlessly manipulated without consequence What will be the sociological and political impact on this next step in human evolution About the Author First and foremost I am the husband of Janice and the father of two daughters Megan and Breanna Secondly I have the privilege of being a teacher I teach biology and chemistry at Reseda Science Magnet a public high school in Los Angeles
