1 of 7 review helpful Adequate but unspectacular By John O Connor This book isn t bad but it s basically a rehash of the original Chambers book The King in Yellow That s not bad either except there is really very little new here or creative At least most writers who pastiche Lovecraft add something new to make the mythos theirs I don t see that in this book Instead some fairly decent writers rather slavishly This first volume in a comprehensive set of weird fiction and poetry focuses on one of the genre rsquo s most mysterious and intriguing figures a mythos created by Robert W Chambers About the Author Peter Worthy is an author an editor and an artist who is known for his extensive contributions to numerous works of Lovecraftian and Mythos fiction
