16 of 17 review helpful A Roller Coaster Ride By Brian Tubbs This book is an exciting page turner I too was skeptical when starting it A first time author a little known publisher HmMMM But I was pleasantly surprised The story moves at a brisk pace Somers doesn't waste time describing rocks and trees in multiple literary ways He keeps the story moving No one should get bored with this My only real criticism SPIRITUAL DARKNESS A devastating interplanetary war has been raging for decades The fallen ones have instigated mankind's downfall waging a sinister campaign leading towards a singular goal universal domination A WARRIOR RACE Long the ordained guardians of peace the Barudii have been reduced to a scattered remnant struggling to survive All but wiped out by the Vorn clan they have little hope of stopping the genocide that threatens mankind's survival THE an intense action packed sci fi story with a heart A gripping story not to be missed Jeremy Robinson bestselling author of Raising the Past and The Didymus Contingency
