1 of 1 review helpful Mixed Bag of Gems and Duds By The Average Bear There is a fine line between Extreme Horror and what I call Goreporn I m sure this line is different for everyone so it s important to note what differentiates between the two in my mind For me the extreme parts must be in service to the plot otherwise it s gratuitous and violence just for the sake of just having it Having Large anthologies usually have a hard time maintaining the same quality throughout However when it comes to the 28 tales in Blood Bound Books rsquo ldquo D O A Extreme Horror Anthology rdquo the fast paced prose is always there and the gore sex and violence are almost always unrelenting and intense Horrorphilia This book took 5th place in Preditors Editors Poll for best anthology of 2011 and takes horror to an extreme you rsquo ve never read before Au
