0 of 0 review helpful AWESOME BOOK By kimmyschemy06 This is an exciting suspenseful and fast paced

dystopian thriller that will keep the readers on the edge of their seats With an unpredictable plot written in casual and easy to read style the book is simply a page turner The book has two well developed protagonists and a variation of minor characters all of them very interesting Each introduction of a new character What if you needed a license to have a baby nbsp In a future marked by high tech surveillance in which unlicensed pregnancy is a felony Sophie must make a painful decision She can submit to the state s harsh demands or face imprisonment and loss of her child to the education labor camps Or she can go on the run relying on the conductors of the revived Underground Railway nbsp The novel is fast paced and the colorful variety of characters Sophie and Josh meet on their journey adds humor suspense and a gritty touch of reality
