1 of 1 review helpful Captivating Novel Reminiscent of Atlas Shrugged By James M Jones I highly recommend this book both as a captivating novel reminiscent of Atlas Shrugged by Ayn Rand and for its underlying biblical symbolism Few authors have the broad based knowledge and capacity to articulate the complexity and details presented throughout the book Regardless whether you agree with his conclusions or not you ll fin Buck Morgan goes into space on mankind s first interstellar journey and returns nine years older but 90 years later Conflict arises because animal rights fanatics have hijacked Earth erasing all progress and putting mankind on the brink of the Apocalypse
