story The Bottle Hoax is missing from this collection Thus the poor rating As for the positives the stories are listed on the contents page both alphabetically and chronologically and they can be directly accessed from either list And unlike other Kindle versions of the Complete Works of Edgar Famous for his horror stories and brooding poetry Poe is often considered to be the inventor of the modern detective story as well Now this one marvelously illustrated and popularly priced volume makes it possible to appreciate the full genius of this master of the mysterious and brilliant literary talent Images reproduced from a variety of sources including Aubrey Beardsley Edouard Manet and Arthur Rackham enhance the mood of such favorites as The Pit
