By S.P. Dorning : Spheres of the Ryk-tar Spheres of the Ryk-tar:

1 of 1 review helpful Can t wait for the next one By Buckalan I read the first book and was impressed with the author s

writing so I bought the second book and enjoyed reading it too Now I am hooked and can t wait to find out what happen to Mason and crew The book Spheres of the Ryk Tar reminds me of the old sci fi books that I read as a boy Like Andre Norton s that I still read her books to this day Th It s been eight years since Mason and his friends defeated the Kanri They thought it was over They were wrong A new threat has materialized from Mason s own homeworld and Mason has gone missing Garid will have to team up with Gabriel Davin and his misfit crew of space pirates to find him in this strange new frontier But can he do it before it s too late About the Author Visit new worlds as Author Stephen Dorning takes you on a breathtaking ride that you will never forget He began his career in the later months of 2009 and has continued to forge ahead welding genres with a unique and interesting perspective H
